President of Visionaries

## PRESIDENT'S LETTER

It's time to kick off the holiday season, and the Visionaries are already in gear. It's been a busy Fall full of activities which are in this newsletter. December 4th will be the annual holiday luncheon at the home of Pam Muzzy, and Karen Betson and Marlene Hamontree have been busy at work arranging for a special afternoon. I hope you will be able to attend.

We'll be busy after the new year as well, so please mark these dates on your calendar. Art Studies will continue its class on Avant-Garde Art starting January 26th at the Museum. January will be the trip to San Francisco to experience Ai WeiWei's installation at Alcatraz. And please save the date, February 17th, for a tour of the new exhibits at OCMA followed by lunch.

The holidays are always a time to remember friends and family and to say thanks. This Fall we are welcoming four new members, and I hope you all will extend yourself when you meet them.... Joyce Tucker, Raya Jafee, Karen Scagliotti, and Catherine Biggers. I know you will really like them all. This year's Board is made up of creative and very talented women, and I am very lucky to serve with them. Have a wonderful holiday.

## VISIONARIES TRAVEL TO ITALY .....

In late September/early October Jeanne Lewand organized a trip to Italy with Alard von Rohr-Demmin, Curator for Deutsch Bank. The trip that began in Rome and continued through Tuscany, Bologna, Milan, ending in Turin. We visited private collections, artist's studios, and galleries. We even did several wine tastings and ate lots of wonderful Italian food! It was a fast-paced trip with lots of information, a great group of people, and some fabulous viewing. Spouses/significant others were invited, and we were a group of 20.

Following are some posed photos of our group along with some "in-the-moment" shots.

## Orange Country Trip to Siemon & Salazar Glass Studio, Followed by Lunch

Randy Baird and Diana Moss organized a tour on November 14 of the glass studio of Siemon & Salazar in Santa Ana where we watched a glassblowing demonstration by acclaimed artist, Caleb Siemon. Caleb founded his glass studio in 1999 along with Carmen Salazar who later became his wife and business partner. "Thick glass, swathes of color, and superior craftsmanship" accurately describe their work. Lunch followed at Fifty Forks, which is a student-run restaurant on the Santa Ana campus of The Art Institute of California. Great day!
